

Teton County
Weed and Pest District
307-733-8419
www.tcweed.org

Work in Jackson Hole this summer!

What we do:

- Invasive plant control within the District including: Right of ways, Bridger-Teton National Forest, National Elk Refuge, Wyoming Game & Fish lands and Grand Teton National Park
- Mosquito abatement programs for public health & safety
- Collect data using GPS/GIS
- Education and outreach

What we offer:

- Competitive pay \$15 to \$20
- Paid overtime
- Paid training
- Housing available
- Work outside

Qualifications:

Prior plant identification or mosquito abatement experience, education/experience in botany, entomology, ecology, biology, or related field with the ability to learn and identify weeds and pests quickly are preferred but not necessary. Should be physically able to lift and carry up to 50 lbs and walk for extended periods, potentially up and down steep hills, while carrying a 4 gallon backpack.

Applications will be accepted until March 31st or until all positions are filled. Start date will be May 20th. Please click [HERE](#) to fill out an application
