The Teton Conservation District (TCD) provides cost-share assistance to private landowners to help control invasive species in Teton County, WY. TCD will reimburse participants for the cost of treating invasive species (excluding the cost of herbicides) up to 25% for the initial year of enrollment and 30% in subsequent years with uninterrupted participation. Reimbursements are available for costs of up to $150/acre (reimbursement total of $37.50 to $45.00/acre). Through an agreement with TCD, Teton County Weed & Pest (TCWP) will perform all landowner correspondence, property visits, creation of invasive species maps, and invasive species management plans.

Important Dates:
- Applications will be accepted from May 1st, 2016 through August 17th, 2016.
- Commercial applicator completed reimbursement forms must be received by Teton County Weed and Pest by October 1st, 2016 (unless previously arranged).
- Landowner completed reimbursement forms must be received by Teton County Weed and Pest by October 19th, 2016 (no exceptions).

Program Requirements:
- Applicants agree to an initial consultation that will be performed by TCWP. During this consultation, TCWP will map the location of invasive species on the property. The applicant is responsible for treating invasive species according to the recommendations given at the time of the initial consultation and stated in the property's invasive species management plan.
- Only the treatment of weeds designated as “noxious/invasive” by Teton County, WY will be eligible for cost-share (see list of approved species attached).
- Applicant agrees to give permission for the release of maps, invasive species management plans, and inspection forms to their commercial applicators (if they have one). This is done to improve communication with and performance by the applicator where applicable. Applicant also consents to data collection and allows for TCWP and TCD to utilize data collected for program purposes where appropriate.
- All applicants MUST submit proper documentation once their treatment is complete (no later than 5:00pm MST on October 19th, 2016).
  - Paperwork required for reimbursement: signed request for reimbursement form, invoices, work orders, and/or work documentation (recordkeeping forms). Please complete all forms to ensure full reimbursement. All forms are available online at www.tcweed.org.
- All applicants will receive a follow-up visit by TCWP after treatment is complete and paperwork is turned in. Make sure to turn in completed paperwork as soon as work is completed for the season to ensure quick reimbursement. Submission of request for reimbursement form grants TCWP and TCD permission to enter property for follow-up purposes.

Items Eligible for Cost-share Funds:
- Hiring a commercial applicator or caretaker (any compensated applicator must have a valid Wyoming Commercial Applicator’s License).
  - Businesses charge various rates for different services they provide, TCD will reimburse from a total charge of $150/acre (total actual reimbursement of $37.50 (25%) to $45.00 (30%)/acre for subsequent years of uninterrupted participation).
- Reimbursement for landowner’s time spent treating weeds on their property
  - Landowners will be reimbursed (25% for the first year and 30% for subsequent years) at a pre-determined rate depending on the method of treatment (mechanical $25/hr, backpack spray $35/hr, truck/atv $45/hr). Above cost and reimbursement limits apply. Recordkeeping form must be completed (available at www.tcweed.org).
**Teton Conservation District**
**Noxious Weed Cost-Share Program**

This program was designed to increase the capacity and effectiveness of Teton County, Wyoming landowners in controlling invasive species. This is accomplished through a cooperative partnership between the Teton Conservation District, the Teton County Weed & Pest District and Landowners. Any correspondence beyond normal program paperwork will be communicated between enrolled landowners and the Teton Conservation District. Communication with hired applicators is limited to non-financial discussions and predetermined program paperwork.

Reimbursement of up to **25%** of invasive species control costs (maximum reimbursement of **$37.50/acre**) is available through this program provided landowners implement an approved invasive species control plan, submit proper cost documentation, and agree to a post treatment follow-up review. **All work not performed by landowner must be completed by a commercial applicator license holder.** Applicant also consents to data collection and allows for TCWP and TCD to utilize data collected for program purposes where appropriate. Subsequent years of uninterrupted participation will be rewarded with an increased reimbursement to **30%** ($45.00/acre).

**Applications** will be accepted from **May 1st through August 17th, 2016.** Request for Reimbursement forms with proper accompanying documentation are due to Teton County Weed and Pest by **October 1st, 2016** (commercial applicator prepared) or **October 19th, 2016** (landowner prepared). Submission of the Request for Reimbursement form authorizes access to enrolled property for follow up purposes.

Please direct all inquiries to Lesley Beckworth, TETON COUNTY WEED AND PEST DISTRICT, 7575 S Hwy 89, Jackson, WY 83001, 307-733-8419 or Lbeckworth@tcweed.org. All forms are available at www.tcweed.org.
